Dear Camden Planning

With reference to the planning reference 2019/2954/T, I object to the cutting down of both trees, 1 & 2. These trees provide shelter to local fauna and also provide privacy between the building blocks opposite each other (Antrim Mansions and Primrose Gardens. In addition, I cannot believe that at a time when London has earned the title of the most polluted city in Europe (and we need trees to help cut CO2 emissions) that the Council is considering cutting down trees.

I strongly object to these plans.

Best wishes  
Dr Jane Galton, [REDACTED]
