

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2019/1427/P	Peter Lambrou	25/06/2019 08:01:25	OBJ	<p>We are the tenants at 195 Kentish Town Road, we have the shop and we also have an office in the basement area, we oppose this application as no thought has been put into the surrounding businesses, the tenants at 193 last week decided to have a party using the basement area, this affected Kentish town road as well as the our working environment as the music was so loud that I could not work.</p> <p>The party continued on quite late and spilled out onto the street where again it was very loud, there is no soundproofing in both the basement and upper floors and this would also impact on the owner of 191 Kentish Town Rd and also all of the residents living above the 3 shop units, we oppose this application as it will affect our business as well as others on the road, as there is currently no music licence in place this should also be opposed as it will stop us from using our workspace if music is played at the levels it was in 193 last week. We are happy to attend the committee meeting if required to express our views in person</p>
