Subject: Trees.....2019/2954/T

Dear Camden Planning

With reference to the planning reference 2019/2954/T, I totally object to the cutting down of both trees, 1 & 2. Trees are I believe unless a danger to property and life, protected especially in London. These trees, 1&2 provide natural habitats and environments for wildlife, insects and animals. They also provide privacy between the building blocks opposite each other Antrim Mansions and Primrose Gardens. This flies in the face of both Camden and London's commitment to a greener city and to cut CO2 emissions, especially with the BBC news yesterday of extreme levels of pollution in London . There is no justification for the Council to consider cutting down these trees.

I strongly object to these plans.

Yours sincerely
