Subject: Re: Planning application - 2019/2231/P - 26 Red Lion Square

Dear Mr Young

I have heard back from the client at TES.

the response is:

- *The terrace is intended to be used for coffee breaks and lunch not for corporate events really.*
- *We do work weekends so it would be good if we could have use on Saturdays and Sundays and I don't see a problem with night time restrictions.*

does that answer your questions satisfactorily?

regards

Paul
