Subject: Re: Planning application - 2019/2231/P - 26 Red Lion Square

Dear Mr Young

I have had further feedback from the TES client.

They request access to the balcony till 10pm minimum. Evidently another tenant of the building (Media Com) has unrestricted use of their terrace.

My observation of this TES proposal is that there is minimal or no residential properties within the vicinity of this terrace.

Kind regards

Paul
