2019/2373/P	Janet Tapsell	27/06/2019 11:41:53	INT	<p>This extension is immediately below my flat - the roof will be under my windows. Firstly please ensure no building work is done at weekends, before 9 or after 5 as I am retired and present during the day. Please also ensure there is security and someone to respond to it during any scaffolding work as the flat is unoccupied. Plus security is installed as part of the project so that access to my windows via the roof of the extension is minimised. Also please can the extension be such that, with agreement of all parties, it can be used as a roof terrace by my flat as is the case with the building next door.</p>
