Subject: 2019/3037/T - Objection

Tom,

I'm writing to raise an objection to planning application 2019/3037/T which stipulates the felling of a tree [REDACTED] related to proposed works at 33 Langbourne.

The grounds for our objection are as follows:

Screening - the tree prevents overlook [REDACTED] contributing to [REDACTED] privacy.

Fruit - we harvest apples every year

Contribution to general landscape - our home is part of the Holly Lodge Conservation Area, where nearly every house has a fruit tree. This is one element of what makes Holly Lodge a unique community in the center of London.

Sincerely,

Louis Gerhardstein
