Please note that no expert opinions have been providing justifying why the environmental and biodiversity (self)assessment is so positive/unproblematic.

Kind regards

Good evening

We are residents of [REDACTED]

Our big concern with this planning application for the hospice is that the planning application does not provide any details behind why they believe the environmental and biodiversity risk assessment is so optimistic

We are very worried about the impact on the environment and biodiversity and as such would encourage the council to reject the application

Kind regards
