

New welded mesh gate in same position as previous gate to avoid cutting back concrete

Recycled Skips planted with a mix of fruit and vegetable crops including pollinator friendly plants with step ladders made from recycled scaffold boards

World orchard - a tree representing each continent of the world planted in moveable containers and underplanted with native wildflower species.

Recycled Skips planted with a mix of fruit and vegetable crops including pollinator friendly plants with step ladders made from recycled scaffold boards

Traditional British hedge planted with a core of Hawthorn and a selection of typical hedge species

Traditional orchard planted with a selection of apple pear and plum trees. Each tree planted in a moveable container.

The polytunnels are a protected area where we can not only raise healthy seedlings but also grow some more tropical vegetables all year/around.

Community allotments - for use by locals with the help of our gardeners. We expect a wide range of fruits and vegetables to be grown here based on resident's knowledge and backgrounds.

Traditional orchard planted with a selection of apple pear and plum trees. Each tree planted in a moveable container.
