2019/2375/P	Ian Robertson South End Green Association	07/07/2019 14:48:32	OBJEMAIL	<p>On behalf of South End Green Association (local resident's association)                      We object to the plans for the following reasons.</p> <ol style="list-style-type: none"> <li>1. Air pollution that the inevitable school run will bring to an already polluted area</li> <li>2. Lack of car parking and traffic congestion are already serious issues in the area particularly at school run times.</li> <li>3. Very high number of both state and private primary schools in the area means that this is of limited benefit to local residents and pupils will need to be recruited from far and wide (see points 1. and 2.)</li> <li>4. Limited outdoor space makes the site unsuitable for the alleged use.</li> <li>5. Business/Enterprise use will further worsen effects of parking and congestion.</li> <li>6. The benefit of conversion to Business/Enterprise use in a publically owned asset should accrue to all residents and not just to one privately owned business.</li> </ol>
