2019/2375/P	Tom Bower	15/07/2019 08:36:37	OBJNOT	<p>Like the overwhelming numbers of other local residents, I object because the proposed school is not for the benefit of the residents of Hampstead; there is no need for an additional school in Hampstead; the traffic problems and additional pollution in the local streets during the drop off and collection times for the existing schools is already suffocating and will be severely aggravated by a school which relies on commuting parents; and finally, the proposed school contradicts your existing policy of refusing just these applications.</p>
2019/2375/P	Brian Suskind	11/07/2019 14:46:26	COMMNT	<p>HI</p> <p>I strongly object to this being converted into a school.</p> <p>We have enough traffic problems in Hampstead with all the schools as it is and the congestion and pollution is effecting the health of my family. This is a commuter school</p> <p>A limit needs to eventually be added.</p> <p>Further why would we agree to damage such a beautiful grade listed building?</p> <p>The director of education for Camden has already written to oppose this due to the damage it would cause the existing schools.</p>
