I would like to make a representation with regard to planning application number: 2019/3010/P - 14 Maresfield Gardens, NW3 5SU

We, the resident freeholders & leaseholders of [REDACTED] Maresfield Gardens, Alison Goodliff and Christine Davison, feel the conversion into 9 flats of this building is excessive. We feel it would put an unreasonable strain on the environment of the street, specifically regarding the availability of parking and car usage, the additional services required and the high degree of occupancy with the potential of 18 plus new residents.

Yours Alison Goodliff
