2019/3188/P	J Bier	16/07/2019 12:15:38	OBJ	<p>I object strongly.</p> <p>An artificial plastic tree is certainly not in keeping especially in a conservation area.</p> <p>Besides, it is already in situ and is awful!</p> <p>Why not plant a real tree ?</p>
2019/3188/P	Vasko Kohlmayer	16/07/2019 11:04:26	OBJ	<p>The artificial plastic tree in front of 14 Well Road is completely inappropriate for this street. It noticeably disrupts the aesthetic integrity and overall feel of the row of houses. It is the only artificial plastic tree in this part of the neighbourhood. It is almost difficult to believe that something like this would be installed here.</p>

2019/3188/P	Caroline Beau	16/07/2019 13:25:45	COMMNT	<p>I object to the erection of this unattractive fake tree in front of 14 Well Road. The tree is immediately noticeable as fake with its bright green plastic leaves and unnatural brown plastic trunk and undermines the unique character and natural beauty of the Hampstead Conservation area. It is particularly inappropriate in its location a few metres away from Hampstead Heath. The immediate vicinity is green and well treed and there is no requirement to supplement greenery with the fake variety. The owner's choice to locate a bedroom overlooking the street was a poor one and on top of having to live with the particularly unattractive new build house, the neighbourhood should not have to bear the further brunt of being subjected to this unsightly and unprepossessing attempt to screen the street facing bedroom from passers by.</p>
