FAO Kristina Smith

Thank you for allowing me to comment on planning application 2019/3202/P which relates to the redevelopment of 7 Wakefield Street.

I have been involved in consultation from the beginning of the planning process and have had constant contact with the applicants and architects. The recommendations I have made during this process have all been in relation to the project achieving 'Secured by Design' accreditation and currently I have no reason to suspect that the project would fail in this.

The certification can only be issued upon completion of the project and that I am satisfied the end users can move in and benefit from all the security and safety features that are installed.

Kind regards

Jim
