2019/3010/P	Christine Davison	18/07/2019 08:57:57	OBJECTION	<p>I am registering this complaint against 14, Maresfield Gardens planning application for 9 flats. I am the freeholder and leaseholder of [REDACTED] neighbour of the property and have owned and lived in this property for 40 years. The planning for 9 flats is excessive. My house is approximately the same size and has 6 flats as do most of the converted houses in this street. The impact this proposal would have on the environment is overcrowding (9 to 18 plus new residents) not only on the parking situation which is already stretched but the noise, use of facilities and disruption to this quiet neighbourhood. Traffic will be increased, lack of parking spaces, traffic accidents, the pollution levels for not only the residents but the numerous schools in the direct area of which there are many. We will be subjected to enormous disruption if this proposed conversion is carried out, not only on my health, but the stability and foundations of my property and I vehemently object to the proposal. I would like to be notified of the committee date.</p>
