Subject: 12 Greville Road NW6 5JA - request
Importance: High

Dear Nick,

Hope you are well.

I am the block manager for 12 Greville Road.

As a condition to our insurance policy we need to send out an arboriculturist on an annual basis to check on trees.

The building had 4 different claims as a result of subsidence throughout the years.

I was wondering if you could grant us permission to prune the Lime tree and remove the Ash?

Please see attached report for your records.

The last PDF attachment has a summary of the issues they identified, if can be found on page 9 of the original report?

Please let us know on the above at your earliest convenience

Kind regards

Rebecca Batista Junior Block Manager
