2019/3163/P	Jane Dodd	23/07/2019 19:42:57	OBJ	<p>I wish to register an objection to the latest planning request for 67-74 Saffron Hill (Application number: 2019/3163/P) to erect a three-storey extension at second floor level (Onslow Street elevation) to office building (Use B1a).</p> <p>The proposed infill will decrease natural light for residents, increase light and noise pollution, all conditions breezily dismissed in the application, and characteristically so, since the landlord, Nyraff, continues to be an anti social neighbour, promoting noisy and disruptive works out of hours and continually flouting the s106 agreement.</p> <p>Moreover, currently and in the past this landlord has countenanced all manner of disruptive proceedings within the light well - early morning and late night noise extreme and light pollution that impacts hugely on etc lives of the residents of the Ziggurat Building. Moreover in his last application to build onto 66-74 Saffron Hill he showed no concern at all for his neighbors. The use of the light well now as a bicycle park and the entrance on Saffron Hill for extra workers will clearly add to the current disruptions.</p>
