Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
Flat 2nd Floor
121 Priory Road
London
NW6 3NN

Proposal: Replacement of 2 single glazed timber framed sash windows at front 2nd floor level with double glazed like-for-like windows.

Drawing Nos: Site location plan; Block plan; Unnumbered existing & proposed front elevation drawing (dated 03/06/2019); Typical window details (sheets 1 and 2); Design, access & heritage statement (received 10/06/2019).

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; Block plan; Unnumbered existing & proposed front elevation drawing (dated 03/06/2019); Typical window details (sheets 1 and 2); Design, access & heritage statement (received 10/06/2019).

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting planning permission:

The proposal seeks to replace 2 single glazed timber framed sash windows at front 2nd floor level with like-for-like double glazed replacements that would match as closely as possible the existing windows in terms of materials, colour, frame sizes, design, opening methods and proportions.

There would be some degree of increased thickness to the glazing bars/frames in order to accommodate the double glazed panes; however, in this instance, the use of suitably designed window units are considered to be an appropriate and sensitive change unlikely to alter or detract from the character and appearance of the host building and wider streetscape, or the South Hampstead Conservation Area, and as such, would be acceptable.

There are no amenity concerns as a result of these proposals in terms of loss of privacy to neighbouring properties as the proposed windows would replace existing windows in similar positions at 2nd floor level.

The site's planning and appeals history has been taken into account when coming to this decision. The Fortune Green and West Hampstead Neighbourhood Area Forum responded and raised no objections to the proposal. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the South Hampstead Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017, policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan 2015, the London Plan 2016, and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 4 This approval does not authorise the use of the public highway.
