Dear Ms Catcheside,

THE BUILDING ACT 1984
THE BUILDING REGULATIONS 2010
THE BUILDING (APPROVED INSPECTOR ETC) REGULATIONS 2010

PREMISES: 103, Camden Mews, LONDON, NW1 9BU
DESCRIPTION: Erection of a single storey infill front and rear extension at ground floor level, erection of a rear dormer extension all associated with conversion of the existing residential dwelling into 1 x 2 bed self-contained unit and 1 x 3 bed maisonette.

Following an examination of the above scheme, we are of the opinion that the plans demonstrate compliance with Regulation M4(2) to the Building Regulations 2010 (as amended).

Kind regards
