29 July 2019

Dear Sir/Madam

Town and Country Planning Acts 1990 (as amended)
**NOTIFICATION TO CARRY OUT EMERGENCY WORKS TO PROTECTED TREE(S) IN
A CONSERVATION AREA**

Address:
**132 Leighton Road
London
NW5 2RG**

Description:
DD 5 Day Notice REAR GARDEN: 1 x Rowan - Fell to ground level.

Thank you for your letter/telephone call of 05 June 2019 giving notice that the above tree(s) are considered dead/dangerous and require emergency works.

The Council confirms that the remedial works as described above are exempt from the need for further notifications or any formal application to the Council and you are therefore allowed to proceed.

Informative(s):

- 1 Where the removal of dead/dangerous tree(s) has taken place the owner has a duty under Section 213 of the Town and Country Planning Act 1990 (as amended) to plant a replacement tree. In this case the Council recommends a Tibetan cherry (*Prunus serrula*) be planted as a standard with a girth size of 14-16cms. The planting process should take into account the standards set out in BS8545:2014. The tree should be suitably staked and tied. The replacement should be planted by the end of the next planting season between the start of November 2019 and the end of March 2020. Failure to plant an appropriate replacement tree may result in the Council serving a Tree Replacement Notice.

If you have further queries please do not hesitate to contact the Tree Preservation Section on the telephone number above.

Yours faithfully
