

Buying your perfect home improvement.

There's loads of home improvers out there, so why choose Anglian?

THE KITCHEN GARDEN

Anglian
Home improvements

Buying your perfect home improvement.

Quite simply, because you can buy with confidence.

First and foremost we're Britain's leading home improver. Here's a few reasons why we're proud to say that.

We started back in 1966; that's over 50 years helping Britain's homeowners transform their homes.

We're a national company but with strong local presence across the UK.

Every window or door is designed and built as a bespoke product for the customer.

We're an accredited 'Made in Britain' manufacturer and installer.

We're experienced in handling the detail for you - we take care of the whole process from survey, planning, manufacturing, installing to servicing.

We currently have £2.4 billion worth of product under guarantee.

Our unique initiative is helping you save extra on your home improvements.

As a valued customer taking advantage of our 'Help Us Help You' scheme we are delighted to be able to offer you extra savings on your new improvement.

The Scheme is now in place, so by spreading the word about the work we do for you, we in return will offer you your additional discount, making improving with Anglian, easier than ever!

Choose any mix of options to 'help us' that add up to a maximum of 50% off to 'help you'.

*Discounts are only applicable to product – excludes building works. Minimum order values apply. % discount is achieved by opting in to our Help Us Help You initiative.

Buying your perfect home improvement.

We've built our reputation over fifty years.

At Anglian, we've been improving homes in Britain for over 50 years. That's a long time in an industry that is often reputed to be slightly less than professional.

That's where we stand out from the crowd. We're a totally professional company with a constant focus on 'raising the standard' in everything we do for our customers. You can rely on us. We've been around for half a century, now we're looking forward to our centenary. Not many others can say that.

We can say yes to all of this. Do others?

Raising the standard in energy efficiency.

PVCU double glazed windows from Anglian are A to A+ rated as standard, for improved home energy efficiency and great all round performance. Building regulations currently insist on C rated windows as an energy efficient standard.

At Anglian we always believe in setting high standards. Which is why we now also offer the A++ rated triple glazed window, our most energy efficient window. It's designed to keep in more of the sun's precious heat and retain more warmth within your home.

Great
all-round
performance

A Rated Double Glazed
(standard for our
Stormproof casements)

Best for
harvesting
the sun's
free energy

A+ Rated Double Glazed
(optional upgrade for Stormproof
casements and standard for
Flush Finish casements)

Best for
retaining
heat

A++ Rated Triple Glazed
(optional upgrade)

- All have the same great external appearance
- All achieve the very best air tightness - zero air leakage
- All come with a 10 & 15 year guarantee.

**Depending on your needs,
we'll help you choose the
best window:**

- To maximise solar gain
- To retain heat
- To reduce noise.

Helping improving energy efficiency.

Our high-performance products not only improve the look of your home they can improve its energy efficiency too. They can help reduce running costs, actively reduce your home's CO2 emissions and help lower your carbon footprint.

And by endorsing the cost-saving benefits of your energy efficient upgrade through our Help Us Help You initiative to others, you'll earn bigger discounts for giving us the best kind of advertising.

Why we recycle your old windows

Old windows and doors have value. The more waste material we salvage, reclaim and recycle the more cost efficient we become. It's how we offer a recycling value when we improve your home, which helps you, helps us and importantly helps the environment!

Anglian is an accredited recycler for UK recovinyl

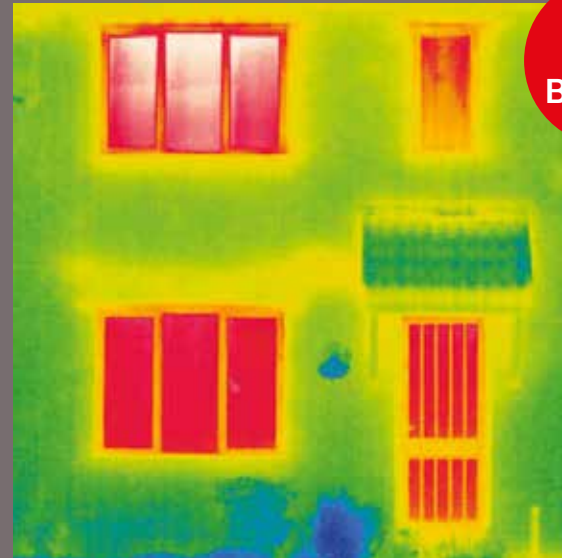

Take a look at the 'before' and 'after' thermal images of this home. They were taken at exactly the same time of day under the same weather conditions with the heating systems set at the same temperature. They show a dramatic difference between heat loss and heat retention - the invisible benefits of upgrading your windows and doors.

An upgrade through our Help Us Help You initiative:

- saves money on the latest thermally efficient windows and energy efficient products
- saves energy and protects against ever-rising energy bills
- reduces your home's CO2 emissions
- lowers your carbon footprint
- saves you even more when you recommend the initiative to others

Review the '10 Ways to Save' through our Help Us Help You initiative on page 3.

HEAT LOSS BEFORE*

On a thermal image, extreme areas of heat loss show up as red patches.

HEAT LOSS AFTER*

The heat generated inside the house is no longer leaking into the street.

*For full details on this thermal imaging test please visit our website.

Our customers are happy to recommend us.

Deciding which style and energy rating of new windows and doors to add to your home has to be right. Where our expertise comes in is making sure that your improvements not only meets all your expectations and needs but also adds value to your property too.

Every quarter we publish 'The Feedback Files', a collation of real-life customer feedback posted on online review sites Feefo and Trust Pilot. Ask to see a copy of the latest edition. Here are a few recent comments from Anglian customers.

★★★★★ Recommend calling Anglian
 TRUST PILOT

STEVE POLLEY
"From the initial request for a quote through to installation I couldn't fault the processes Anglian have in place. Even had the option of having the windows fitted a week earlier than agreed if it wasn't inconvenient."

★★★★★ Love my new door!
 TRUST PILOT

MS TONER
"From the moment the salesperson walked through the door until the installation was finished we had nothing but great service. The installation was finished to a very high spec and people comment on how smart the door is. I would highly recommend this company."

2017
 Gold Trusted Service
 ★★★★★
 feefo

Anglian was delighted to be awarded the 2017 Feefo Gold Trusted Service Accreditation for excellence in customer service.

Windows, Doors and Rooftrim for Mr. Anthony, Essex.

"A very professional and friendly service from start to finish. The initial sales representative did not use high pressure selling tactics and the fitters carried out the work quickly, to a very high standard with as little mess or disruption as practicable. I would highly recommend this company."

Making a mark.

We always take standards and approvals very seriously. We manufacture all our products to the relevant British Standards and seek approvals from rigorous third party bodies to ensure we meet the very highest of industry standards.

Product range.

Bespoke Windows and Doors.

We offer a range of windows including PVCU Stormproof and PVCU Flush Finish casements, tilt and turn and sliding sash designs. Each style is designed and manufactured around your specification and finish.

We also have a vast range of doors, PVCU and Composite residential, PVCU French and patio doors again all bespoke to your property needs.

The Timber Collection from Anglian.

Anglian's Heritage Timber Collection is a stunning range of wooden casement and sash windows, doors and stylish conservatories of character and beauty, crafted from high-grade timber selected from FSC accredited sources.

Every product in the Timber Collection is designed and crafted in collaboration with you. So every window, door, and conservatory is as truly individual as your lifestyle. And every product we make is made with absolute precision in our state of the art British factory.

Heritage
TIMBER COLLECTION

Product specifications and options.

- Beauty that's built to last with timber options sourced from sustainable forests accredited by the Forest Stewardship Council (FSC)
- Ultimate peace of mind with painted frames and sealed units guaranteed for up to 10 years
- The perfect solution if you live in a listed building or conservation area
- Complete reassurance with 'Made in Britain' manufacturer and installer accreditation
- We take care of everything including planning permission and building regulations
- A wide range of paint or stain colour options
- High Energy efficient ratings for helping to reduce your fuel bills
- Safe and secure with high-grade security systems designed to prevent forced opening.

Sleek Aluminium.

The sleek, sophisticated lines of aluminium are particularly suited to more modern and contemporary homes. Choosing aluminium does not mean compromising on strength, quality or thermal insulation.

Aluminium

- Aluminium profiles are extruded from Aluminium alloy in accordance with BS: 4873:2009
- Ultimate peace of mind with frames guaranteed for 10 years and sealed units for 15 years
- Complete reassurance with 'Made in Britain' manufacturer and installer accreditation
- A wide range of colour options including any RAL colour so you can achieve your ideal improvement
- High Energy efficient ratings for helping to reduce your fuel bills
- Safe and secure with high-grade security systems designed to prevent forced opening
- Visible sightline of 53mm on casement windows which is responsible for much of the aesthetic appeal.

Porches.

Creating valuable extra space.

Our porches are built to match the style of your home and the space you have available. Finished with any fully double-glazed doors and windows from our range. Plus, we match brick, stonework or render to your existing style and build whichever roof profile is best suited.

- 6 x roof style options
- Finishes: PVCU, Timber or Aluminium windows and doors
- High security
- Full range of decorative glazing options
- Porch guaranteed for 10 years and 15 years on sealed units
- Peace of Mind- full service
- Foundations- built to a depth of at least 650mm and thick damp proof membrane
- We undertake plastering, lighting and power points
- In most cases as long as they are under 3m² in floor area and not within 2 metres of any boundary which fronts the highway, you do not need planning permission or building regulation approval's
- If Porch is to be over 3m² or will need to be approved, that's no problem, we at Anglian will deal with any requirements you have.

Rooftrim and Cladding.

The practical and attractive finishing touch.

You no longer need to worry about peeling paintwork, water ingress and timber decay. Say goodbye to regular maintenance, say hello to a greater looking home with Anglian's fit and forget Rooftrim and Cladding.
