

34 CUBITT STREET    7 FREDERICK STREET    5 FREDERICK STREET    3 FREDERICK STREET    1 FREDERICK STREET

Integrated Reception System (IRS) comprising 78cm diameter shared satellite dish and FM, UHF & DAB aerials. To be painted black and to be located on rear section of chimney stack as far below ridge as practicable, so as to minimise its effect on the property and on the amenity of the area.

Back addition no. 7

Back addition no. 5

NOTES:  
 All redundant vents and flues to be removed and bricked up to match existing.  
 New extract fans connected to galvanised steel airbricks.  
 All modern soil stacks and rainwater goods to be replaced with cast iron.
