**Subject:** Objections to application 2019/3011/P

[REDACTED] I would like to object to this planning application.

The creation of extra space to this restaurant will impact on both the value and the livability of my property.

The building works will create noise and disruption and increased pollution in the surrounding area.

Noise can already be heard in my property from the restaurant. If the proposed extension is built the noise will be increased and will further disturb the peace in what is already a noisy and polluted area. The noise will be at a particularly high level when large crowds gather to watch sporting events.

Similar applications have previously been rejected. The situation has not changed so I would urge you to reject this application.

Yours sincerely

Linda Glancy
