Dear Thomas,

HCAAC Objects to the proposal as follows:

- 1.Apparently unnecessary internal planning extension;
- 2.Excessive garden take-up;
- 3.Rooflights proposed add to light pollution and are justified only by the unjustified extension;
- 4.The applicant mentions similarity of existing extensions elsewhere in the terrace but there is no contextual information nor even of immediate neighbours.
- 5.Application for 3 Carlingford Road cited by this applicant's DAS was consented – HCAAC did not comment on it..
- 6.The ground floor accommodation is not shown and may not need to be but seems desirable to explain any context for the extension space;
- 7.(The application address should state “Flat ___”)

Regards,
John Malet-Bates

For Hampstead CAAC
