Hello

I am enquiring about the new planning application for Tesco Express at the above address. I am a Business supermarket Owner and this will highly affect my trade which has been running for 35 years. I would like to object to the opening of Tesco Express store. There is a Tesco metro already on Bedford St, WC2 which is not even a 10 minute walk from the new Tesco Express. How can the council possibly grant planning for this?

Look forward to hearing at the earliest.
