The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 3 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 4 Reasons for granting permission-

The roof extension is identical to that granted planning permission on

22.04.2016 ref 2015/6639/P and as later amended by a Minor Material Amendment permission dated 22.09.2016 ref 2016/3452/P. The site circumstances have not changed since these approvals. The policy context has only changed by the adoption of new Local Plan in 2017 and the creation of a draft Redington & Frognal Neighbourhood Plan; however the design policies regarding extensions have not materially changed since the last permission. It is considered that the roof extension to this setback side wing, with its new curved parapet gable walls at front and side, continues to be acceptable in location, size and design. It will be a modest, interesting and well-designed addition which will preserve and indeed enhance the appearance of the property and its roofscape.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017 and with policies BD4 and BD5 of the draft Redington & Frognal Neighbourhood Plan 2018. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2019.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
