Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Flat Ground Floor
57 Goldhurst Terrace
London
NW6 3HB

Proposal: Erection of single storey side and rear extension.

Drawing Nos: Site Location Plan, APOO, AP100, AP101, AP110, AP111, AP112, AP121, AP200, AP201, AP212, AP220, AP210_R01, AP220_R01, AP200_R01.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site Location Plan, APOO, AP100, AP101, AP110, AP111, AP112, AP121, AP200, AP201, AP212, AP220, AP210_R01, AP220_R01, AP200_R01.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 Reasons for granting permission.

The proposed single storey side and rear extension at ground floor level is considered acceptable due to its size, location, design and material finish. The extension would be clearly subordinate to, and commensurate with, the host building. The side extension would be set back 3m from the rear extension which will reduce the appearance of bulk and mass. Given the siting of the extension to the rear of the property it would not be immediately visible in public views. The extension would be similar to existing rear extensions at no. 56, 61, 63, and 65 and therefore is considered to respect the existing pattern of neighbouring rear development.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 CA's of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The rear projection would have a similar the depth and height to the neighbouring rear extension at no. 55 and therefore would have a significant

amenity impact to this property in terms of loss of light, overlooking or added sense of enclosure. The boundary with no. 59 would be increased by 1m to accommodate the side extension. The scale of the increase in height on the boundary and use of a pitched roof profile will ensure that there would not be a significant amenity impact in terms of loss of light or added sense of enclosure to this property.

No objections were received prior to the determination of this application. The planning history of the site and surrounding area were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with The London Plan March 2016, and the National Planning Policy Framework 2019.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 5 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
