Subject: Application 2019/3634/L re: Hampstead Figure Sculpture

Dear Jonathan

I wish to object to application [2019/3634/L](#).

There does not appear to be any independent appraisal of whether the grade 2 listed 55 year old sculpture is in a condition that can withstand being moved safely particularly given that the sculpture is to be moved twice, first to the Adelaide Road side, and then back to the Open Space.

I also note that there is no commitment to any necessary refurbishment or specialist insurance.

I also note that Historic England do not appear to have been directly consulted on this application.

Regards

Sarah Howard
