2019/3091/P	Elena Kozenko	15/08/2019 16:02:34	OBJ	As a resident of George Mews I strongly object the planning permission. If the planning goes ahead, it WILL make George Mews's residents lives miserable with the noise, pollution, and most importantly, random crowding in our yard, as we don't have any gates to protect our yard/properties from strangers. Besides, the residents were told by Camden council that Maria Fidelis would be replaced by a green space. As , we already experienced that promises weren't kept, I doubt that they will be kept in the future.

2019/3091/P	Hana	15/08/2019 23:06:32	OBJ	This is ridiculous this was supposed to be green space for the community it should be something useful not a construction site. This area was a peaceful place to live before the HS2 decided to come in and tear down the hotel it's caused more nuisance more problems more crimes and drugs deal which the council are doing nothing about ! Not to mention there is constant road works has it it building a ridiculous construction site will make that 100 times worse ! Also to mention residents trying to park their own car which the council is getting paid for ! Why make it worse this should not be put forward and objected at every cost ! All these residents living in Drummond street/ star cross and Gower street are the ones will be suffering while the council and rich make more money how is this fair on us ! This has to be the most silly thing I've heard ! This is objected and SHOULD NOT be build !
