The fact that the noise will be below allowed noise thresholds is immaterial. Any kind of constant low level noise in a home causes the occupants stress. There will also be the noise of delivery lorries and the additional pollution those will cause. It is not only the motors of the lorries at anti-social hours but the noise of their tail-lifts and the metal trolleys being rolled to and fro.2, These are very narrow streets, the delivery lorries may cause traffic to tail-back.3, Usually Tesco signage is rather bright and this would harm the character of the Conservation Area.4, Allowing this application would cause harm to the livelihood of the owners of the supermarket which is already trading in Endell Street, a small independent business.
