6. Non-Material Amendment(s) Sought

Local resiting of a few poles very close to their previously-approved location is necessitated by the increased size of younger trees in the vicinity of connecting wires since the original drawings were prepared so as to 'future-proof' the installation

Poles revised from 67dia colour-coated steel to 114>38dia colour-coated tapered aluminium as required in conservation areas and adjacent to listed or locally listed buildings (Condition 3, 2016/2892/P refers)

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
