2019/3484/A	A Peyser	22/08/2019 22:31:18	OBJ	<p>I strongly object to an large LED screen at this location for the following reasons:</p> <ol style="list-style-type: none"><li>1. Kilburn High Road is an accident hotspot- Adding a brightly lit LED in a dark area (entrance to Kilburn Grange Park) would certainly distract motorists even more possibly creating more collisions</li><li>2.This LED screen would be right accross from listed "Black Lion Pub", one of the listing buildings in Kilburn. Surely adding a brightly lit LED screen next to a listed building is not acceptable, especially in the knowledge that it would create light pollution for the bedrooms of the B&amp;B on the tope floors of the Black Lion.</li><li>3. This is accross the road from the KILN Theatre (Kilburn's cultural Centre). Attention should be drawn to the Theatre and the pubs rather than to advertising.</li><li>4. Street Lighting is very poor in this area of the High Road, thus this LED screen would be highly noticeable and distracting from the other features of the High Road, while bringing no immediate benefit to the community.</li></ol> <p>Please reject this planning application.</p>
2019/3484/A	Kathleen Oconnor	23/08/2019 08:41:12	COMMNT	<p>Light pollution is a problem. As is ugly signage. Please do not allow this to be installed. Instead, let's make this area more beautiful!</p>
