| 2019/3775/A | Covent Garden Community Association (Elizabeth Bax, Chair of Planning Subcommittee) | 27/08/2019 22:36:04 | OBJ | Covent Garden Community Association (GCGA) does not object to the proposed signs in themselves, but we cannot yet comment on the external illumination that the application form says is also proposed for them. The diagrams do not show the position and beam direction of the lights on the fascia signs at all, and they show only an outline of the lights on the projecting signs. Please let us know if we have missed this, but otherwise we would appreciate seeing revised drawings since there are residential flats immediately above and opposite the signs so there may well be an impact on residential amenity. |
