2019/4100/P	Ed Laws	30/08/2019 09:00:32	OBJ	In the age of mobile phones There is no longer a use case for telephone kiosks - literally no one makes calls from such kiosks anymore . Kiosks fonhowever provide hubs for people throwing away rubbish (including drug syringes) urinating and homeless people sleeping - please remove them all from the area as they are a health and safety risk , become dirty and are a nuisance for local Community
