2019/4066/P	Agnes	02/09/2019 12:36:47	OBJ	<p>The current phone box is in complete state of disrepair and only used for Anti Social Behaviour. The Phone is unusable. The removal of this eyesore would be welcome. However the replacement is not appropriate for this location for the following reasons:</p> <ol style="list-style-type: none"> <li>1. will break line of sight for pedestrians near a very busy junction with Willesden Lane, a traffic accident hotspot</li> <li>2. provide back rest and shelter for aggressive begging, very common on the high Road</li> <li>3. reduce usable pavement width in an area of very high pedestrian footfall</li> <li>4. distract motor traffic with implications of more traffic accidents.</li> <li>5. numerous other phone boxes in vicinity, nearest one in front of Primark, 30 yards away. (Bt Inlink)</li> </ol> <p>This replacement is not wanted and I object to it strongly as it is an advertising panel parading as a phone box. Please reject the application. If the application cannot be rejected outright than the placement of the replacement should be parallel to the highway and not perpendicular to the highway to maximise pavement width and reduce traffic distraction.</p>
