2019/3734/P	Matthew Levin	03/09/2019 16:03:32	COMMNT	After talking with the architect, I understand that the builders will require 1 or 2 parking bays to be suspended for their use for an extended period of time - approx 6-9 months. As parking is extremely limited in this street and specifically in the evenings, it would make life a whole lot easier if council would only suspend the bays from say 8.00 am to 5.00 pm to allow residents to park at night in these suspended bays when no deliveries/construction will be taking place. with thanks
