2019/3627/P	The Heath & Hampstead Society	06/09/2019 12:06:51	COMMNT	Comments from: THE HEATH & HAMPSTEAD SOCIETY We have commented separately on the related application no.2019/3630/P.(regarding roof-plant and noise). There are two issues about which we are concerned. 1) Rubbish and refuse storage and collection. No allocation has been made for storage of rubbish and food waste inside the property. The pavement outside is narrow and next to the `no parking zone` associated with the zebra crossing - so piles of waste out side on the pavement - which is a serious problem in South End Green - creates a health hazard and a physical barrier to the many passers by and neighbours. 2.Seats and tables are outside on the pavement are proposed. The pavement is extremely busy - seats and tables restrict the width substantially and it should be a condition, if approved, that no external seating and tables are to be placed on the pavement. Please REFUSE as it stands.
