I give notice that: Maximus Networks Ltd

Will be applying to: London Borough of Camden

For a determination as to whether the prior approval of the authority will be required as to the siting and appearance of the development of 'A Public Call Box' as shown on the attached plans.

Overall dimensions and appearance

The public call box proposed is 1325mm wide x 219mm deep x 2800mm high, with extendable photovoltaic panels at the top forming a canopy. The box is fabricated from stainless steel with integral black laminated PV panels to front and rear. The telephone is centrally located on the 'front' panel, and a single non-illuminated advertising panel (1100mm x 1700mm) is located on the 'rear' face of the box, in accordance with the provisions of the Advertisement Regulations 2007. The side panels (colour: textured black) contain LED lighting strips to identify the edge of the box.

Siting

The public call box will be located at 121 Shaftesbury Avenue , WC2H 8AD as per location shown on the 1:200 OS plan.
