- 1 Reasons for granting listed building consent:

This listed building consent relates to the refurbishment of Rooms B58 and B60 which are located in the basement of the North Wing of the Grade I Wilkins Building and occupied by the Slade School of Art.

These two rooms are to be used as professional sound recording areas and require updating to provide renewed and improved facilities. The finishes and layout within Rooms B58 and B60 date from the later 20th century and as such the areas are considered to be of low significance. The works include: the replacement of a partition with an acoustically rated partition, the replacement of a non-heritage door, renewed trunking, and the removal of an existing vocal booth and internal window, along with new flooring and re decorate.

No changes are proposed to the historic fabric or original floor plan.

The proposed scheme is not considered to harm the significance of the Grade I building and the application is therefore supported.

No responses have been received as a result of the public consultation through a Press Notice and a Site Notice.

Historic England responded with a letter of flexible authorisation duly stamped

and signed on behalf of the Secretary of State.

The site's planning history has been taken into account when making this decision

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
