Hi C

Thanks for this information and I am very sorry to hear that this venue is back to causing a nuisance

I will wait for the report from our Weekend Noise Team and get back to you after I have read that

Best regards

Toby Daynes  
Environmental Health Technician

Dear C

I have received an update from our Weekend Noise Service officers regarding their visit to this premises this Saturday evening:

They have advised me that they are satisfied that the premises was causing a noise nuisance.

I will be sending a warning letter to the premises tomorrow. I will also visit the venue as part of our evening monitoring over the next few weeks. I will of course feed back to you my findings and advise on any action we can take

Thanks again for the information

Best regards

Toby Daynes
