PLANNING APPLICATION REFERENCE: 2019/3961/P

I write to request an extension of time to enable full review of the above planning application that has been submitted by the applicant: the New College of Humanities (NCH).

The application was submitted during August, when the majority of residents were away with their families on holiday.

Camden Council should also be aware that many of the residents, myself included, did not receive a copy of the letter regarding the public consultation and forthcoming planning application.

I am extremely concerned about the application. The Square is in a conservation area, most of the buildings are Grade 1 or 2* listed, the environment is tranquil with very little vehicular or pedestrian traffic - particularly at the weekends. Up to 1,200 students in and around the vicinity of the square, throughout the whole week will significantly change the environment.

Please can you extend the timescales for the submission of comments ζ so that we can fully consider the application and seek professional advice.

NCH's occupation of Boston House would be a significant change to residents lives, so please do not underestimate the magnitude of local concern and review this request with that in mind.

Yours sincerely

Resident of Fitzroy Square
