I have no problem with the height and massing nor of a boutique hotel.
I would ask Camden to insist that the hotel owner has to re-do the area in front of the proposed new building as it currently is unsightly with fast food restaurant's rubbish always present and people loitering also causing build up of rubbish. At the same time the pop up outside urinal surely must be removed!
this little area on the corner of a busy junction could be made very nice, not just for the hotel but the public as a whole.
