Informative(s):

- 1 Reasons for granting listed building consent (delegated):

127-128 High Holborn is listed Grade II. The building is visually prominent in the streetscape and like much of the architecture of this time is classically inspired. Built originally as offices c. 1904 the building now functions as a bank.

The proposal is for the replacement of corporate signage and the installation of a new ATM.

High Holborn is a busy commercial street and the proposed work is considered not to harm the architectural significance of the building.

The site's planning history has been taken into account when making this decision

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
