2019/3961/P		17/09/2019 14:07:49	SUPPRT	I would like to confirm my support for the application for change of use to B1/D1 at Boston House. Northeastern University is looking forward to the opportunity to provide our students with an education experience in such a historical yet vibrant area of London. Our students have enjoyed their limited time at the existing Bedford Square site and would love the opportunity to spend more time living and studying in Camden. Northeastern University want to provide a positive contribution to the borough of Camden and we welcome the chance to become active, respectful members of the local community.
2019/3961/P		17/09/2019 13:12:46	SUPNOT	Dear Sir I write in full support of this planning application. I currently work for the College and am very excited and passionate about education, our journey as a College and making a positive contribution to the London Borough of Camden as we grow as a community and support the local businesses in the area. The College is a remarkable place to work and the new location will not affect my commute as I come by train and then foot.
