The institution requesting the permission has, over the past few years, become an active member of the Camden/Bloomsbury education community. As such, I am excited to support the future development of this community by supporting the application. At its current address, the organisation has demonstrated a respect for heritage and the wider community (residential, commercial and otherwise). I have no doubt that this approach would be mirrored at the proposed new site. Furthermore, due to close proximity, the organisation actively champions local historic sites, museums, and galleries by actively engaging students with these resources. As such, supporting this application ensures the continuation of support to local organisations (including local businesses) going forward.</p>
