2019/4237/P	Alan Mason	24/09/2019 14:53:03	OBJ	<p>On behalf of CRASH (The Combined Residents' Associations of South Hampstead) I wish to lodge an objection to the application 2019/4237/P. Although, sadly, the property in question has lost its original front garden, with associated wall and gate posts, it still retains the majority of its period features on the main (front) elevation. The loss of original fenestration to provide access to the proposed balconies runs counter to the key objective of preserving, as far as possible, all original period features. The construction of new balconies at both first and second floor levels will introduce additional alien features into a streetscape already blighted by too many unsympathetic alterations to the late-Victorian buildings of the South Hampstead Conservation Area.</p> <p>CRASH objects to the application.</p>
