2019/4341/P	The Heath & Hampstead Society	24/09/2019 14:29:40	OBJ	<p><b>OBJECTION</b> From: THE HEATH &amp; HAMPSTEAD SOCIETY</p> <p>This application amounts to adding an extra floor to an existing corner terrace house The use of a mansard does nothing to mask this bulky extension at roof level.</p> <p>Worse still the proposed extra floor is on a prominent corner and would be very obvious viewed along New End.</p> <p>Even worse is the fact that the terraced houses of 9-15 New End form a uniform unspoilt facade with an original low angled slate roof and the original design.</p> <p>Many previously uniform terraces in Hampstead have been spoilt by ugly, bulky roof extensions and we are concerned that the attractive uniformity of 9-15 New End will also be spoilt by this application.</p> <p>This area is surrounded by Listed buildings - their setting will be affected by this proposal. The existing terrace adds to the quality of the Conservation Area.</p> <p>This application will detract from the Conservation Area and should be REFUSED.</p>
