People must have a quality of life and this is not it. Three flats? Fine. Four? Possibly, but unlikely. Five? No. Where is the amenity of life, the right to light, space, peace and quiet?
2019/3203/P	Amy Leonard	02/10/2019 08:59:03	COMMNT	The local are has few family sized homes. This proposed alteration to the property takes it from being a potential home for two small families to being a bed and wc for singles. Families are being driven from the are due to lack of property available. This is landlord greed
