Permitted Development

Class O – offices to dwellinghouses

Permitted development

O. Development consisting of a change of use of a building and any land within its curtilage from a use falling within Class B1(a) (offices) of the Schedule to the Use Classes Order, to a use falling within Class C3 (dwellinghouses) of that Schedule.

Conditions

O.2 Development under Class O is permitted subject to the condition that before beginning the development, the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—

(a) transport and highways impacts of the development;

(b) contamination risks on the site; and

and the provisions of paragraph W (prior approval) apply in relation to that application.

Proposal:

The proposed change of use from offices B1 use to 3 x flats (C3 use) is within its rights of permitted development according to class 1A of The Town and Country Planning Order (2014). The development of 3 self-contained units abides by Class 1A and has no elements that are listed for reasons of not being permitted development.
