2019/5096/T	Susan Rose Highgate CAAC	08/10/2019 09:59:22	OBJ	This is a very important tree in the street scape and should only be felled if there is no other alternative because of health and safety issues. The information provided by the tree surgeon is inadequate with only a couple of photographs and no other information at all. WE request a visit by the tree officer so that a better assessment of the condition of the tree can be made. if felling is necessary as uitable replacement with a mature tree must be provided.
